

The World University Rankings 2021

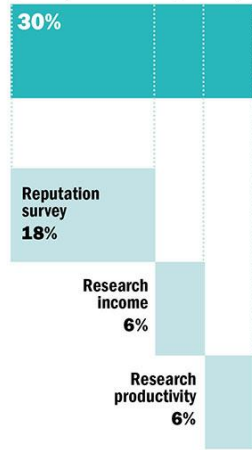

The 2021 World University Rankings are published in autumn 2020. The performance indicators are grouped into five areas:

- Teaching (the learning environment)-How to prepare Media Design (or similar programs) students to work in media-related industries
- Research (volume, income and reputation)-The number of Media Design program (or similar programs) publications published in the academic journals
- Citations (research influence)- How much Media Design program (or similar programs) of each university is contributing to expanding the understanding boundaries in the field of Media Design
- International outlook (staff, students and research)- The ability of a Media Design program (or similar programs) of each university to attract undergraduates, postgraduates and faculty in Media Design field from all over the planet, which is a key to its success on the world stage.
- Industry income (knowledge transfer)-The ability of a Media Design program (or similar programs) of each university to help Media industry with innovations, inventions and consultancy, which has become a core mission of the contemporary global academy.
